Penrose Continues to Show Up the Third-Term Pretender and John D. Archbold Will Have a Few Words to Say Today—Underwriting Syndicate to Control Recent Chicago Convention Is for T. R. Revealed.

[BY A. P. NIGHT WIRE TO THE TIMES.]

WASHINGTON, Aug. 22.—John D. Archbold of the Standard Oil Company will appear tomorrow morning before the subcommittee of the Senate investigating campaign contributions.

The announcement that he would appear followed a day of bitter political recrimination on the floor of the Senate, devoted to an effort to show that former President Roosevelt knew funds contributed by big corporations were used to help elect him in 1904.

ATTACK ON ROOSEVELT. The attack on Roosevelt today originated in a colloquy between Senator Reed of Missouri, Democrat, and Senator Penrose of Pennsylvania, who presented a resolution demanding an investigation of the circumstances set forth in his statement to the Senate yesterday, in which he charged that \$100,000 of Standard Oil money went into the 1904 Roosevelt campaign fund, with Roosevelt's knowledge.

Sensors Penrose, Reed and Williams each attacked Col. Roosevelt and Senator Pinckney of Washington, a supporter of the new third term party, came to his defense. Pinckney charged a combination was at work to defame Roosevelt.

The decision to summon Mr. Archbold at once was made by Senator Clapp early in the day before the interrogation of Senator Penrose by Senator Reed began. He got into communication with Mr. Archbold in New York by long distance telephone and the Standard Oil official agreed to appear.

The debate between Senators Reed and Penrose was marked by the readiness with which the latter replied to Senator Reed's questions. Early in the afternoon the two Senators, with Senator Smith of Maryland, held a conference.

PENROSE ANSWERS QUESTIONS. Senator Penrose in answer to questions from Senator Reed said that "according to his information" Roosevelt knew \$100,000 of Standard Oil money had been received in 1904 before he wrote a letter directing that any Standard Oil contributions be returned.

A new element was injected in the political imbroglio when Senator Penrose suggested to Senator Reed: "There has come to my notice quite a lot of information leading to the belief that some \$1,000,000 was underwritten by George W. Perkins and his associates to nominate Roosevelt for the Presidency of the regular Republican party in their present campaign, for their own personal use. Evidence regarding this matter will be submitted to the proper Senate committee for consideration. The ultimate object of this enormous fund was the control of the Republican party in the interests of the Standard Oil Company."

Senator Penrose emphasized that Roosevelt had named George H. Cortelyou, his former secretary and cabinet officer, chairman of the National Committee, and expressed the opinion that Mr. Cortelyou did not conceal anything from the President in the matter of contributions.

HOW IT WAS USED. Senator Stone wanted to know how the \$3,000,000 which Mr. Penrose had said was raised for Roosevelt was used.

"I mean to state," said Senator Penrose, "that the enormous amount and unprecedented campaign fund was the ultimate control of the regular Republican organization while in convention held in June at Chicago, which nominated Mr. Taft for President and Mr. Sherman for Vice-President. What underwriting has occurred since then for the third party remains to be developed."

Senator Borah interrupted to ask about the activities of the Republican National Committee at the Chicago convention.

The majority of the National Committee exercised every opportunity possible to restrict and restrain the efforts to purchase color. Taft delegates at \$5000 a head," replied Senator Penrose.

"I suppose the Senator is not prepared to state how they got them back?" asked Senator Borah.

APPEAL TO MANHOOD. "We got them back by appealing to their manhood and their reputation for honor and integrity, and in most every case we got them back," Mr. Penrose answered.

"I take it, Mr. President, that the men who would wander off the reservation for the purpose of raising the price could not have very much manhood to appeal to, to get back," Senator Borah said.

While the Senate came to the final consideration of the Penrose resolution, Senator Pinckney insisted that it go over until tomorrow. Senators Bristow and Clapp, both progressives, urged him to withdraw his objection, but Mr. Pinckney insisted that he wanted time to examine it.

"Has the Senator from Washington any objection to this inquiry?" demanded Senator Penrose.

"I do not know that I have any objection to the inquiry," said Mr. Pinckney.

partment officials and have emphasized the necessity of additional protection.

It was announced at the State Department today that the situation is virtually in the hands of Minister Wetzel and Capt. Terhune of the gunboat Annapolis, and that the department is relying on their judgment. If these officials give the word, the soldiers will be sent from Panama. Maj.-Gen. Wood, chief of staff, says the American troops are ready to leave at an hour's notice.

TAKE REFUGEES ABOARD. The dispatch of Minister Wetzel, which confirms the report of the bloody massacre at Leon in which Gen. Duran and 100 Nicaraguan troops were annihilated without quarter, states that twenty-five American and other foreign women and children were taken aboard the cutter Justin on the night of 18th and 19th for protection. Other American citizens passed the night at the consulate in fear of their lives.

CAPTURED BY REBELS. Towns between Leon and Chinandega have been captured by the rebels, according to today's dispatches. A large sugar estate and the central distillery containing five million pesos worth of alcohol are included in the property looted by the revolutionaries. Urgent appeals for aid have been received by Consul in this district from Americans and other foreigners having interests in these localities. The town of Chinandega is in control of the government, but is menaced by the rebels and an attack is expected at any time.

Confidence is expressed by officials of the State Department that the 750 marines ordered from Philadelphia and the available men from the Dominican Republic, who have been ordered to Nicaragua, the latter to pick up the marines from Philadelphia who go by rail from Colon to the west coast will be adequate. If they arrive before another serious outbreak. It is not believed that a military occupation of the republic will be necessary although President

TRAPPED BY REBELS. *Chief of Rurales is Snared.* *Orozco and His Insurrectos Occupy New Strongholds in Sonora District.* *More Atrocities on Defenseless Men and Women Reported.* *Bridges Destroyed in Northern Mexico and Train Service Suspended.*

[BY A. P. NIGHT WIRE TO THE TIMES.]

JUAREZ (Mex.) Aug. 22.—Rebels today trapped Gen. Emilio Kosterlitzky, noted chief of all rurales police in Mexico, according to advices received here. The Polish commander of the rurales is at Magdalena, south of Nogales, Ariz. The invading force destroyed the Southern Pacific Railway of Mexico to the north and to the south of Magdalena, where Gen. Kosterlitzky is stationed with 600 rurales. A train with 100 of the rural police from Magdalena is stranded between burned bridges.

"HAVE NO FEAR." Receiving a report from Juarez today that rebels were congregating along the railway, Gen. Kosterlitzky wired back the assurance, "Have no fear." Within five minutes after this came over the wires, it was reported that twenty-six bridges had been burned along the railway. Then all communication stopped.

It is uncertain what group of rebels invest the district north of Hermosillo, but it is believed to be the vanguard of Orozco's army slowly mobilizing as it drifts southwest through Sonora toward the Pacific.

REBELS DEFEATED. Rebels were defeated in their second attack Monday on Mocoma, an important town in Sonora, southwest of Douglas, Ariz. The rebels entered three streets of the town, but finally were driven out by the Federal regular troops defending the place and pursued into a canyon near the town, where fight was renewed. The rebels assembled a few miles east and are reported to be awaiting reinforcements. Reports are received of minor engagements at various parts of Sonora.

It is announced that forces here under Gen. Telles will hold a grand review next Sunday, after which small garrisons will be established in neighboring towns.

SHOW NO MERCY FOR THE WOMEN. [BY A. P. NIGHT WIRE TO THE TIMES.] CANANEA (Sonora, Mex.) Aug. 22.—Reports from northern Sonora districts reaching here today indicated that several small towns had been occupied by the rebels of Orozco's command in several instances the occupation was accompanied by atrocities upon defenseless men and women.

The most activity seems to be centered around the Hermosillo district, rebels being reported strung out from the city limits of the capital to the northward for twenty-five miles.

Today train service between Nogales and Guaymas was suspended, south of Foz de Iguazu telegraph instruments were taken out by the company.

CAPTURE OF GUNBOAT IS NOT CONFIRMED. [BY A. P. NIGHT WIRE TO THE TIMES.] SAN DIEGO (Cal.) Aug. 22.—Geo. W. Beermaker, general agent of the Compania Naviera del Pacifico, this morning received a brief message that the steamer Benito Juarez, reported seized by the Mexican rebels, had succeeded in getting away from Mazatlan yesterday. The steamer is due at San Quintin, its first port of all en route here August 26. The Mexican Consul here has not been able to get in communication with Mazatlan and cannot confirm the report of the seizure of the gunboat General Guerrero.

COMBINED FORCES ENGAGED IN BATTLE. [BY A. P. DAY WIRE TO THE TIMES.] TUCUMAN (Arg.) Aug. 22.—The combined rebel bands of Campos and Rojas have been in battle with Federal troops at Alamos, Sonora, since 5 o'clock yesterday afternoon, according to a dispatch received just before the wires leading to Hermosillo today were cut. The battle was still being waged late this afternoon, with varying fortune to both sides.

GREATEST YEAR IN HISTORY.

British Financiers Predict Unprecedented Prosperity and General Trade Revival for This Country.

LONDON, Aug. 22.—Financiers are optimistic over trade prospects which they declare are brighter than at any time in history. A great revival is looked for in the manufacturing and mining industries, particularly, and a big advance in stocks of this kind is expected. The world's crops are expected to be abundant and to give a great stimulus to trade.

The view is expressed here that the United States may be unable to obtain enough gold from Europe this autumn to move the great crops expected. In that case, the Secretary of the American Treasury may have to be induced to take steps to deposit the government's large balance of idle cash with national banks to prevent disastrous money stringency.

If the Secretary of the Treasury sets money free to move American crops and prevents stringency of international money markets, the greatest trade year in history is likely to be witnessed, not only in your country but throughout the world.

Gen. Telles
Of the Mexican Federal forces, who recently took Juarez from the rebels under Orozco without a scrap, Telles is reported to be holding the bag with a large force of men in Juarez while Orozco is continuing his carnival of loot and invasion along the west coast where it is said he either expects to board a ship to get out of the country or to establish a naval base to import arms from abroad. While Telles and his men are "resting up" the Zapatistas in the South are practically un molested.

BELL TELEPHONE COMPANY MAY BE PROSECUTED.

[BY DIRECT WIRE TO THE TIMES.]

CHICAGO BUREAU OF THE TIMES, Aug. 22.—[Exclusive Dispatch.] Prosecution of the American Bell Telephone and Telegraph Company by the Federal government under the Sherman anti-trust law was rumored in Chicago today. It was said that the Bell company had been made that a monopoly had been created in violation of that law.

Local Federal officials refused to confirm the report. Those high in the official life of the Bell company were reticent. It was said that a civil suit for the dissolution of the so-called telephone trust is under contemplation and will be ordered in the near future by Atty.-Gen. Wickersham.

FEDERAL INVESTIGATION. The government has been investigating the telephone company organization for several months, and the Department of Justice, it is reported, has had agents continually working on the case gathering information with a view to instituting prosecution against the Bell company.

The Federal authorities are said to have given an impetus in seeking immediate action to dissolve the company by charges that the organization

had been secretly buying up the stock of various independent telephone companies with the idea of controlling all the telephone lines in the United States.

It is said that by secret maneuvering the telephone organization has endeavored to acquire a controlling amount of stock in every independent company of any consequence in the country.

WESTERN UNION INVOLVED. The Western Union Telegraph Company, which is said to be controlled by the Bell Telephone interests, and many other subsidiaries, will be attacked by the government in a general bill in the event that prosecution is begun. Several cases have been discovered by government agents where the Bell organization has secured sufficient stock in independent companies to afford a controlling interest.

When the colloquy between Senators Penrose and Reed was concluded Senator Reed made an extended speech attacking Roosevelt.

When he concluded Senator Pinckney took the floor and characterized the day's proceedings as a "combination, an understanding, an alliance."

"We hunt bull moose today," said Senator Williams, "and elephant tomorrow."

In his speech Senator Reed said Roosevelt's statement yesterday in reply to Senator Penrose and the publication of the Cortelyou letters had suggested some questions he wanted to ask. He called attention to the fact that the Archbold letter to Senator Penrose, announcing an enclosure of \$25,000, bore date of October 13, 1904.

"Can the Senator state whether the \$100,000 which was also paid by the Standard Oil people was paid on or prior to the 13th day of October?" he asked.

Penrose said he thought it was paid "on or about that time, perhaps a little before."

The latter Roosevelt wrote Chairman Cortelyou of the Republican National Committee telling him to accept no contribution from the Standard Oil Company, was sent about a week before the election," Senator Penrose declared.

"As I understand the Senator, then, the money had been received before this letter of Roosevelt was dated?" asked Senator Reed.

"Considerably," said Senator Penrose.

"Had the money been spent, or was it on hand and was it in fact returned?" asked Senator Reed.

"The information I have always

had on the transaction was that Mr. Roosevelt was advised that the money had been spent and could not be returned and the letter was sent to make a record for future reference," replied Senator Penrose.

"Can the Senator state whether in fact the letter was written with full knowledge that the money was drawn?" asked Senator Reed.

"That is my distinct information and also the information of many others," said Senator Penrose.

"Do you know that any large sums of money were contributed to the National Republican Committee in 1904 that were returned to the donors?" asked Senator Reed.

"The returning of contributions is such a rare instance on the part of political committees that if there had been any case it would have made a profound impression on my mind and I do not recall any," replied Senator Penrose.

Senator Reed asked whether Mr. Penrose knew of any contributions to the campaign fund of 1904 by the Missouri Pacific, Southern Pacific or Gould interests.

"I have no direct knowledge," Mr. Penrose answered, "simply my information at the time that large contributions were made from those interests."

"The man that while actively engaged with the Republican National Committee as a member of that committee, you understood that these interests had contributed heavily to the fund?"

"That is correct," said Senator Penrose.

"To what extent were the acts of the National Committee concealed from Mr. Roosevelt?" asked Senator Reed.

SUPERIOR KNOWLEDGE. "My observation of Mr. Roosevelt," said Senator Penrose, "has been that he was well calculated to have pretty superior knowledge about everything that was going on in the National Committee. I do not think there was a day, and in some days an hour in the day, that the chairman of the National Committee was not in communication with him over the telephone."

Senator Penrose emphasized that Roosevelt had named George H. Cortelyou, his former secretary and cabinet officer, chairman of the National Committee, and expressed the opinion that Mr. Cortelyou did not conceal anything from the President in the matter of contributions.

"I suppose the Senator is not prepared to state how they got them back?" asked Senator Borah.

APPEAL TO MANHOOD. "We got them back by appealing to their manhood and their reputation for honor and integrity, and in most every case we got them back," Mr. Penrose answered.

"I take it, Mr. President, that the men who would wander off the reservation for the purpose of raising the price could not have very much manhood to appeal to, to get back," Senator Borah said.

While the Senate came to the final consideration of the Penrose resolution, Senator Pinckney insisted that it go over until tomorrow. Senators Bristow and Clapp, both progressives, urged him to withdraw his objection, but Mr. Pinckney insisted that he wanted time to examine it.

"Has the Senator from Washington any objection to this inquiry?" demanded Senator Penrose.

"I do not know that I have any objection to the inquiry," said Mr. Pinckney.

DARROW'S ACQUITTAL.

HOW WAS THE MONEY SPENT?
[New York Times, Aug. 20:] The
acquittal of Darrow on the charge of
bribery in connection with the trial
of the McNamara brothers, the dynam-
iters of the Los Angeles Times
building, because of failure to secure
corroboration of the testimony of ac-
complices, settles the question of per-
sonal guilt on that specific charge.
It is not ours to question the re-
sults of the decisions of juries on
the present or any possible later cases
but there are other questions which
ought to be raised and settled in pub-
lic opinion, since it is impossible to
place them before juries.This is another case where there is
a search for the man higher up and
for the use of a species of campaign
fund. Almost a quarter of a million
dollars was raised for the defense of
the McNamara brothers and the
spending of it was entrusted to Dar-
row and Gompers. That sum of
money was not necessary for the ac-
quittal of innocent men and conse-
quently conviction followed. How
was that money spent?It is certain that a large portion of
it was available for secret use and
in fact was used secretly, if not for
bribery. Darrow's fee was understood
to include "expenses." It therefore
becomes important to know what
those expenses were in order to know
how large was the money fee of this
friend of labor. If the expenses were
small, the pretense of disinterested
service of "labor" disappears. If
these expenses were so large that the
services of Darrow were scantily paid,
that fact ought to be made to ap-
pear for his credit with labor. At
present there has been no accounting
worthy of the name. The declaration
of Darrow and Gompers that all is
right is not enough, or ought not to
be enough, either for contributors to
the fund or those having an inter-
est except as observers of public
affairs. If there are things that arePARCELS POST

his horse for humanity's sake. She
had noticed the horse, almost dead,
pulling eight workmen to the estate
each day. She warned Bichelle that
he must not drive the horse any more.
He disobeyed. Finally, she took the
horse away from Bichelle whom she
found beating it and had Sheriff Pin-
negan arrest him.Mrs. Church told Judge Burns she
only wanted the horse put out of its
misery. She got Bichelle to agree to
sell her the horse and she engaged a
veterinarian to destroy it. She paid
Bichelle's fine and took him home in
her automobile.

CHINESE CRISIS AVOIDED.

President Yuan Shi Kai Explains
to Satisfaction of Visitors His Pre-
sented Attitude.(BY A. P. NIGHT WIRE TO THE TIMES.)
PEKING, Aug. 22.—President Yuan
Shi Kai today sent a dispatch to the
Chinese National Assembly declining
to accede to its demands that the
Premier and the Minister of War at-
tend the session of the Assembly and
further explain their reasons for the
execution of Gen. Chang Chen Wu
and Gen. Feng Wei, members of Dr.
Sun Yat Sen's party. The President
suggested that the Ruyeh members
of the Assembly visit him.Later they met the President, who
explained the government's attitude
so effectively that his visitors volun-
tarily to persuade the House not to
impound the government, unless fur-
ther reactionary acts were committed.
The crisis is considered over.

ANGELENO SELIA GOTHAM LAND.

NEW YORK BUREAU OF THE
TIMES, Aug. 22.—[Special Dis-
patch.] George Hohenstein of Los An-
geles today sold his property at No.
55 East Eleventh street, near Broad-
way, for \$100,000.not desirable to publish for any rea-
son whatever, good or bad, public or
private, at the very least there ought
to be a certificate from public ac-
countants that they have seen proofs
that the items and vouchers are cor-
rect. The expenditures of hundreds of
thousands in connection with the trial
of men who confess their guilt is a
public scandal and leaves unsettled
points not covered in connection with
the verdict of the jury trial.

UP AGAINST VETO POWER.

HOUSE IS RESPONSIBLE.
[Washington Post, Aug. 20:] Would
it not prove futile for the House to
persist in trying to break down the
veto power, as it threatens to do un-
less the President bows to the de-
struction of the Commerce Court or
the wrecking of the State Depart-
ment? What if the Senate should
demur to the House programme of
staying in session indefinitely and
vote to adjourn? In that case, if the
House still held out, the President
would only need to perform his con-
stitutional duty and adjourn both
houses by his own hand, thus putting
the responsibility for the failure of
legislation where it belonged—on the
House.

PANAMA GOOD FAITH.

TAFT'S JUDICIAL MIND.
[Baltimore American, August 21:]
President Taft in his Pan-Ameri-
can message has set forth the
acutely considerate and honorable
attitude this country could as-
sume toward the protest of Great
Britain against the enactment of the
legislation that has been passed and
is now in the hands of the head of
the nation for his approval or other-
wise.While Mr. Taft is entirely convinced
that this country has the right to
enact legislation affecting free pas-
sage of American shipping bent upon
countrywide trade, yet he defers to the
opinions of those who do not agree
with him and extends to the protest
of Great Britain the courtesy of due
consideration. Here is another of the
numerous instances of the President's
ability to work out the most appro-
priate course of action.Helpful Hints
on Hair HealthScalp and Hair Troubles Generally
Caused by Carelessness.Dandruff is a contagious disease
caused by a microbe, which also pro-
duces baldness. Never use a comb or
brush belonging to someone else. No
matter how cleanly the owner may be,
these articles may be infected with
microbes, which will infect your scalp.
It is easier to catch hair microbes
than it is to get rid of them, and a
single stroke of an infected comb or
brush may well lead to baldness.
Never try on anybody else's hat.
Many a hatband is a resting place for
microbes.If you happen to be troubled with
dandruff, itching scalp, falling hair or
baldness, we have a remedy which we
believe will completely relieve these
troubles. We are so sure of this that
we offer it to you with the understand-
ing that it will cost you nothing for
the trial if it does not produce the re-
sults we claim. This remedy is called
"West Adams' Hair Tonic." We honestly
believe it to be the most scientific
remedy for scalp and hair troubles,
and we know of nothing else that
equals it for effectiveness, because of
the results it has produced in thou-
sands of cases.Rexall "93" Hair Tonic is devised to
banish dandruff, restore natural color
when its loss has been brought about
by disease, and make the hair natu-
rally silky, soft and glossy. It does
this because it stimulates the hair
follicles, destroys the germ matter,
and brings about a free, healthy cir-
culation of blood, which nourishes the
hair roots, causing them to tighten
and grow new hair. We want every-
body who has any trouble with hair
or scalp to know that Rexall "93" Hair
Tonic is the best hair tonic and re-
storative in existence, and no one
should scoff at or doubt this state-
ment until they have put our claims
to a fair test, with the understanding
that they pay us nothing for the re-
medy if it does not give full and com-
plete satisfaction in every particu-
lar. Two sizes, 50 cents and \$1.00. Re-

She Likes Interest of American
Men in National Sport.(By Federal Wireless Line to The Times.)
NEW YORK BUREAU OF THE
TIMES, Aug. 22.—[Special Dispatch.]
Lady Rosemary Leveson Gower, the
daughter of the Duke of Sutherland,
is infatuated with the American
baseball game, and about the first
thing she did after her steamer ar-
rived last Saturday was to rush up
to the American League ball park and
watch the game between the Yankees
and the Detroit.The Duke of Sutherland is on his
way to the Canadian Northwest, where
he owns a matter of 10,000 acres, and
brought his wife and children with
him for a view of the American con-
tinent. On the arrival of the ducal
party, Lady Rosemary assured the
ship news reporters that she was
crazy to see a big game. After
lunch at the hotel the Duke's
party were taken in hand by Russell
G. Colt and his wife (Miss Ethel Bar-
rymore) who piloted them to the ball
grounds and explained some of the
mysteries of the national game.When asked after the game how
she liked it, Lady Rosemary answered:
"Oh, very much, very much indeed. I
thought it was rattling good fun and
I enjoyed every minute of it. I
thought the shouting and the remarks
from the spectators were ripping and
the coaching was the most amusing
ever. You know it's quite great to
see so many men becoming so spon-
diently enthusiastic over a sport."

SUFFRAGETTES INDIGNANT.

Seizure of Furniture of Leaders
Who Are Away in Canada Arouses
Their Wrath.(BY CABLE AND A. P. TO THE TIMES.)
LONDON, Aug. 22.—The British
suffragettes are indignant today be-
cause Sheriff's officers entered the
country house of Mr. and Mrs.
Pethick Lawrence, two of their
leaders, who are now visiting in
Canada, and ordered the furniture to
be sold to pay costs of the recent con-
spiracy prosecution. Mr. and Mrs.
Pethick Lawrence were sentenced to
nine months' imprisonment on May
22 at the Old Bailey Sessions for
inciting their followers to malicious
damage of property, but were
liberated on June 21.The Women's Social and Political
Union issued today a statement de-
claring that the action of the
Sheriff's officers was in the nature of
persecution, because the furniture
broken by suffragettes had been re-
placed by the insurance companies
and the tradesmen had obtained a
good advertisement through the af-
fair. The Union points out that the
promoters of the recent coal strike
in London caused indirectly greater
loss to the community than the
suffragettes had done and were al-
lowed to go unpunished.

Harvard Professor Succeeds in

Has Almost Boiling Temperature.(BY A. P. DAY WIRE TO THE TIMES.)
CAMBRIDGE (Mass.) Aug. 22.—
Prof. Percy W. Bridgman of the de-
partment of physics at Harvard has
succeeded in making "hot ice." He
has manufactured some having a
temperature of 173 degrees Fahrenheit
and is confident he can make it
even hotter.The hot ice was produced by
putting water under a pressure of
more than 20,000 atmospheres (300,
000 pounds to the square inch). In
appearance the hot ice was similar
to the brand in general use.

DUBLIN, Aug. 22.—A "hunger

Leigh and Gladys Evans, suffragettes
who were sentenced here on August
7 to five years' imprisonment, the
first on the charge of wounding John
E. Redmond, leader of the Irish
parliamentary party, with a hatchet
thrown at Premier Asquith, and the
latter for setting fire to the "Theater
Royal." They are being forcibly fed
by the jail officials.

CANDIDATES FOR JUDGES IN NEAR-AT-HAND PRIMARY

The Deserving Ones Are in the List of Twenty-
Have Entered the Race—Some Preposter-
Impossible—Only Seven Seem to Possess
to Be Successful in Office.

Twenty of nomination for judges of the Superior Court.
James C. Rives,
G. Ray Horton,
John W. Summerfield,
William A. Alderson.

Another popular and able candidate
for the Superior Court is John W.
Summerfield, for six years justice of
the peace, a man who has the sup-
port of a wide circle of earnest
friends. Justice Summerfield's de-
cision have been regarded as fair and
have seldom been reversed.

With twenty-seven aspirants for the
bench, ten of whom are to be nomi-
nated as the primary, from which ten
are finally to be elected on No-
vember 5, the voter will find no guide
to a choice except through the candi-
dates or through knowing them by
reputation as in the case of the
seven already mentioned. The entire
designation is permitted; the entire
list of twenty-seven names will ap-
pear on all three party ballots at the
primary. The Socialist, however,
have got around this prohibition
against party designations and have
named five most as their candidates.
They confidently expect by casting the
solid Socialist vote for these five to
place the quintette on the November

The remaining fifteen aspirants for
a place on the ballot as candidates
for the Superior Court are more or
less unknown to the public. Frank S.
Adams, of Garvanza, has been presi-
dent of the Garvanza Improvement
Association for three terms and in
1910 was president of the Federated
Improvement Clubs. Fred H. Taft
was formerly City Attorney at Santa
Monica and has practiced law in Los
Angeles for a number of years. Ed-
ward J. Payne is a young practitioner
who lives in Glendale. George H. Hut-
ton is one of the incumbents; he col-
lucted the Darrow trial. Enough
said. William T. Kendrick is an old-
time Democrat, who has lived here
for years. Louis W. Myers is a young
attorney who has made himself use-
ful to Linsner for several months.

William Frederickson is a judge of the
Police Court and is favorably known.
Stephen G. Long is a Democrat and is
City Attorney of Long Beach. John
M. York is the son of a former judge.
Robert W. McDonald is city justice
of Pasadena and also township justice
there. Byron C. Hanna, is City At-
torney at Long Beach. Charles Wal-
born is a Democrat, a former Police
Commissioner and a member of the
Public Service Commission. Ruben
S. Schmidt is a young Republican
and known in the Native Sons
fraternity. M. A. Bredon of Santa
Monica is a Democrat who served
two terms as Attorney-General of
Oak, before coming some years ago
to California. Charles W. Long, the
twenty-seventh man, was formerly an
editor of the Denver Republican. He
belonged to several philosophical so-
cieties.

moved until after the primary. It will
serve as a basis, however, on which
to carry the matter higher.

The Woodley and Stephens attor-
neys do not pretend that the law is
not effective. They are trying to
prove, however, that the verification
deputies resigned as deputy registrars
for the few days they were employed
as verification deputies. Here trouble
awaits the deputies. If they wear they
resigned, for their accounts are to
be closely scrutinized by the District
Attorney's office and the bills for reg-
istration of names sent in by the
men will be thrown out.

SACRAMENTO (Cal.) Aug. 22.—
Gilbert McMillan Rose, a mining en-
gineer of Stockton, was chosen in
convention today as the Democratic
candidate for Congress from this, the
Third District. No candidate ap-
peared by petition for the nomina-
tion at the coming primary and the
State Committee directed that the
party committeemen in the six coun-
ties in the district meet in convention
at Sacramento to agree upon a candi-
date. His name will be written in on
the ballot in September. An effort
was made to endorse Charles F. Cur-
ry, one of the Republican candidates,
but it failed.

chairman of the Prohibition National
Committee, took charge today of cam-
paign headquarters here. He said

THE POLITICAL WATCHTOWER

The John Linsner crowd in the
Thirty-ninth Senatorial District
(Riverside, Orange
and Imperial coun-
ties.) have about
given up the fight
as for candi-
date, J. N. An-
derson, is con-
cerned. Steele
Finley, a well-known attorney of San-
ta Ana, one of the leaders in the Bull
Moose party in Orange county, called
on Louis Paul Hart of Huntington
Beach the other day, with several
other Bull Mooseers, and announced
their allegiance to Hart, who is the
Democratic candidate for the Senate.
The call on Hart was significant. Sat-
isfied that they cannot defeat C. C.
Chapman, the regular Republican
candidate for the Senate, the Johnson
Linsner followers seem to be prepar-
ing to roam into other political fields.
But Hart was not altogether pleased.
It is reported, to receive the offer
from Finley and his friends, fearing
that his new allies might try to ab-
sorb the Democracy all the same as
the Bull Moose is trying to eat up the
Republican party.

Chapman, the Republican candi-
date, is the largest orange grower in
the county, and is an enthusiastic sup-
porter of all movements for the pro-
gress of Southern California. His far-
reaching business interests, his leader-
ship in religious affairs and his devo-
tion to this part of the State, are so
well known as to make it practically
a certainty that he will receive the
Republican nomination and will be
elected. His friends are not allowing
themselves, however, to be caught
asleep. Despite their natural con-
fidence in the result of the primary
and the election, they are working
over time. The record of J. N. An-
derson, his opponent, who served a term
as State Senator before Estudillo was
elected four years ago, was very weak
at Sacramento. He obtained nothing
for Orange county, his home, and his
neighbors have not forgotten it.

There is an interesting fight in pro-
gress for the Republican nomination
for Supervisor in the Fourth District.
now represented by C. J. Nellis, who
is a candidate for renomination. Nel-
lis will get a large vote in that part
of the district lying in this city, but
his home section of Sawtelle, it is
said, he will have to divide with Otto
M. Scherer. The latter, an outside
valuation man of the assessor's office,
has had an opportunity to make many
acquaintances and has made the most
of it. Scherer has a strong following
in many isolated parts of the district.
If it were not for the fact that
W. E. Hinslaw has the opposition of
Joseph E. Ward to meet in his own
town of Long Beach, Hinslaw would
have a large vote and might win.
There are over 6000 votes in Long
Beach alone. Of these Hinslaw will
probably get two-thirds at least. He
has some votes in the country dis-
tricts, too, and both Nellis and Scher-
er look to Hinslaw to catch a large
share of the Linsner-Bar followers
in the city, as Hinslaw was one of the
early members of the Linsner Com-
mittee of Fifteen. He has the good
taste to announce his retirement from
the committee before his own candi-
dacy by which Linsner band was pub-
lished. Political forecasters believe
Nellis should win the nomination but
not by a large margin.

Gov. Johnson intends to leave Sacra-
mento for the East two days ahead
of the time originally set, the 17th
inst., and he will stop over in Los
Angeles to talk next Monday night.
He will be introduced by Congressman

WELL-FITTED CANDIDATE FOR THE SUPERIOR COURT.

ONE of the most admirable and
deserving candidates for the
Superior Court before the peo-
ple in the primary canvass is ex-
Judge George R. Davis, whose expe-
rience, standing and attainments fit
him conspicuously for the office of
Judge.

Judge Davis has lived in the South-
west for fifteen years. He is a native
of Ohio, and received his education
there. At the age of 21 he was ad-
mitted to the bar by the Supreme
Court of that State. He practiced
his profession in Ohio until 1897,
when he was appointed by President
McKinley to be an Associate Justice
of the Supreme Court of Arizona, a
position to which he was later ap-
pointed by President Roosevelt, and
in which he served until April,
1905, when he removed with his fam-
ily to Southern California. The opin-
ions written by Judge Davis while
on the Supreme Court bench of Ari-
zona run through volumes five to nine,
inclusive, of the Arizona Reports, and
also appear in the permanent vol-
umes of the Pacific Reporter. Dur-
ing the same period he was ex-officio
judge of the First Judicial Dis-
trict of the Territory, where he sat
in the exercise of the same jurisdic-

tion as is conferred upon the Circuit
and District Courts of the United
States, and presided in the trial of
many famous cases.

Upon coming to California, Judge
Davis re-entered the practice of his
profession establishing offices in Los
Angeles. The remarkable growth of
Los Angeles county made it neces-
sary for the Legislature, in February,
1909, to increase the number of
Judges of the Superior Court, and
Judge Davis was named by the Gov-
ernor to fill one of these new places.
He brought to the work a trained
legal mind, a natural judicial tem-
perament and served with distinction,
through his appointive term, ending
January, 1911.

In the Republican primary of 1910,
which was complicated by unfavor-
able conditions, he was defeated for

re-nomination by about 1800 votes, in
a total of 30,000. He will again be
an aspirant for the same office at the
ensuing primary, there being five
Judges of the Superior Court to be
elected this year.

Judge Davis resides in Pasadena. He
has a membership in the Masonic
fraternity, Shrine, Order of Knights
of Pythias, Union League, Federa-
tion and Overland clubs.

Stephens. While the Governor is ex-
plaining why he has not resigned but
continues to draw his pay of \$10,000
a year while traveling in the East on
personal politics, Stephens will per-
haps explain his statements at the
political meeting held last Wednesday
night at Ninth and Santa Fe streets.
The audience interpreted his remarks
to mean nothing less than that he ap-
proved the present practical disfran-
chisement of the negro in some parts
of the South, where he said he had
lived for six years. As two-thirds
of his audience were colored people,
great indignation was felt and Ste-
phens received no applause as he left
the hall.

Incidentally, while Johnson and Ste-
phens are explaining these things,
Johnson may go into details and tell
why he received 316 votes less than
Bell two years ago in Sacramento,
the town where Johnson was born and
in which he was brought up. The
Sacramento Union says it was because
the people knew Hiram personally and
valued him accordingly.

QUEER COMMENT FROM THE BENCH.

[Pasadena News.] Surely, it was
not necessary for Judge Hutton to
state that in the event of Darrow com-
ing to trial again or alleged jury brib-
ing he will not preside. After his
comment at the conclusion of the first
trial it was patent that he could not
with propriety, sit in judgment at a
second one. We confess it was with
considerable amazement and no little
chagrin that we read of this utter-
ance attributed to him in the court-
room.

"Now that the case is ended, I con-
sider it entirely proper for me to con-
gratulate Mr. Darrow upon his acquit-
tal. I know that millions of hallelu-
jahs will go up through the length and
breadth of this land."

We should like to have the trial
judge explain why he thought it "en-
tirely proper" for him to congratulate
Darrow upon his acquittal? As a law-
yer, he must have known that the
evidence could not have been consid-
ered by the jury in its thirty-minute
deliberation and that the acquittal
was rendered solely on sentimental
grounds, induced by the appeal of the
defendant for clemency. The grave
question of the blow below the belt
which jury bribing deals to the fun-
damental principles of justice was ig-
nored completely. Is that a matter
for congratulation by a judge of our
Superior Court? Does Judge Hutton
believe that the "millions of hallelu-
jahs" he "knows" will go up will
emanate from thoughtful citizens who
realize that justice has miscarried? We
are curious to get his point of view.

If he means that jubilation will be
general over the escape of a lawyer
who received \$200,000 in hard cash,
subscribed by laboring men all over
the country, to defend what they be-
lieved to be innocent victims, known
by Darrow to be guilty, we are still
unconvinced. Mr. Darrow tells us
that he intends to devote his life, as
heretofore, to the service of the
poor and afflicted. It would seem to
be a profitable undertaking. The ar-
ranged, premeditated killing of a
man in danger of the law's vengeance
and which he, for a price, will seek
to avert. We realize that every time
he succeeds in circumventing the law
and aiding a malefactor to go scot
free numerous hallelujahs will arise
from those immediately interested, but
we dislike to see a judge joining in
the chorus of praise. On this page,
Saturday, we voiced approbation of
Judge Hutton's efforts in behalf of
the insane as entitling him to consid-
eration for reelection to the bench.
We still think well of that good work,
but must admit that his unfortunate
comment on the Darrow case renders
his endorsement inadvisable. We with-
draw from his support, without prej-
udice, but as a matter of principle.

Vote for Him.

1905, when he removed with his fam-
ily to Southern California. The opin-
ions written by Judge Davis while
on the Supreme Court bench of Ari-
zona run through volumes five to nine,
inclusive, of the Arizona Reports, and
also appear in the permanent vol-
umes of the Pacific Reporter. Dur-
ing the same period he was ex-officio
judge of the First Judicial Dis-
trict of the Territory, where he sat
in the exercise of the same jurisdic-

tion as is conferred upon the Circuit
and District Courts of the United
States, and presided in the trial of
many famous cases.

Upon coming to California, Judge
Davis re-entered the practice of his
profession establishing offices in Los
Angeles. The remarkable growth of
Los Angeles county made it neces-
sary for the Legislature, in February,
1909, to increase the number of
Judges of the Superior Court, and
Judge Davis was named by the Gov-
ernor to fill one of these new places.
He brought to the work a trained
legal mind, a natural judicial tem-
perament and served with distinction,
through his appointive term, ending
January, 1911.

In the Republican primary of 1910,
which was complicated by unfavor-
able conditions, he was defeated for

re-nomination by about 1800 votes, in
a total of 30,000. He will again be
an aspirant for the same office at the
ensuing primary, there being five
Judges of the Superior Court to be
elected this year.

Judge Davis resides in Pasadena. He
has a membership in the Masonic
fraternity, Shrine, Order of Knights
of Pythias, Union League, Federa-
tion and Overland clubs.

INTERCITY WAR TO GRAND JURY.

Venice Police and District Attorney at Odds.

Summary Arrest of Officers Starts Explosions.

Ex-Chief Summons Chief to Appear and Answer.

A bitter war, replete with arrests, threatened court battles, subpoenas and vitriolic charges is raging between the District Attorney's office and the Venice Police Department. Yesterday representatives of the former announced that the case will go before the grand jury next Tuesday.

The war began officially last Tuesday morning when Special Officer Peter Pirote, assisted by some twelve other members of the Venice police force, arrested as "suspicious characters," William T. Bright, E. R. Rankin, W. T. Nolan, all deputy sheriffs, and A. C. Ramsey, ex-chief of the Venice police department, who were in the beach city on official business for the District Attorney.

Despite the earnest pleadings of ex-Chief Ramsey, who is personally acquainted with Pirote and other members of the Venice police department, the four men were marched to the Police Station and held until the arrival of the present Chief of Police, George H. Lingo.

"We are from the District Attorney's office," declared Ramsey, "and three years ago I was Chief of Police in this town."

"Oh, you're from the District Attorney's office, are you?" inquired Lingo. "What are you doing down here?"

"That's none of your business," chirped in Deputy Sheriff Bright.

Lingo then made it clear that he is Chief of Police at Venice and insisted on knowing all about it.

The four men deluged the chief with cards, stars and identification data and they were finally released.

When the quartette returned to Los Angeles they placed the matter before the District Attorney, who ordered that Chief Lingo, Peter Pirote, Cavanaugh and Pirote be subpoenaed to appear before the grand jury and tell the inquisition why they interfered with officers who were discharging their official duties.

Late yesterday afternoon ex-Chief Ramsey and Deputy Sheriff Bright went to Venice and asked the papers. It is intimated that warrants issued on like charges following the investigation.

Pirote and Cavanaugh were among the defense witnesses for Clarence Darrow in the recent bribery trial. They were subjected to a merciless grilling on cross-examination by District Attorney Frederick.

"We've had clashes with Lingo and his men for a long time," said Bright last night. "They've got it in for this office and will put us in a hole if possible. We were down on secret business at Venice and Pirote and his men got sore because we wouldn't let them in on it. Ramsey fought certain elements in the town and he was chief at Venice and he made many enemies. That's another reason."

"It was the happiest moment of my life when I served that subpoena on Chief Lingo," said ex-Chief Ramsey.

FORMAL ORGANIZATION.

Woman's Athletic Association Selects Leaders and Adopts Initiative Legislation.

With the selection of officers and the adoption of a set of by-laws yesterday, the Woman's Athletic Association, became a fully-organized corporation. Mrs. Mathew S. Robertson was appointed president at a board meeting held in the Globe Savings Bank. Mrs. Erasmus Wilson, first vice-president; Mrs. A. B. Barlett, second vice-president; Mrs. C. L. Higbee, secretary; and Miss Bessie Waggoner, assistant secretary.

The by-laws provide that the board of directors may elect as honorary members women who distinguish themselves in science, athletics or the arts, but such honorary membership shall not exceed twenty-five. Life members are limited to 100, non-resident members to 200, and resident members to 1000. None but women of good standing in the community and over the age of 21 are eligible.

The dues for resident members are fixed at \$5 per month, and for non-resident members at \$2 a month. Until the limit of membership set by the corporation is reached, all applications will be considered.

Real Estate Men's Choice for Congress.

Col. W. H. Holabird.

Whose candidacy for Congress from the Tenth District received the endorsement of the Los Angeles Realty Board at its meeting yesterday.

Great Local Significance.

OPEN SHOP GETS FIRST WORLD'S FAIR CONTRACT.

THE first big contract let by the board of directors having in charge all construction work for the Panama-Pacific Exposition in San Francisco in 1915 was awarded to an open-shop firm, according to telegraphic advices received here yesterday.

D. E. Stewart, one of the principal open-shop contractors for structural ironwork in the Bay City, received the contract for building the great open-shop enclosure which will surround the fair grounds. The award was made strictly on the basis of the bids, that of Stewart presenting advantages over those of closed-shop contractors so great that the director immediately placed the big work in his hands.

The decision is regarded as of great local importance in that it definitely places Los Angeles firms, which have built up their prosperity on a strictly open-shop basis, on the same footing with the structural concerns of San Francisco in which a desperate effort has been made to maintain the rule of the Bay City laborite bosses.

"We've had clashes with Lingo and his men for a long time," said Bright last night. "They've got it in for this office and will put us in a hole if possible. We were down on secret business at Venice and Pirote and his men got sore because we wouldn't let them in on it. REALTY BOARD FOR HOLABIRD.

Enthusiastically Indorses Him for Congress.

Powerful Body Lauds Him as Builder of Empire.

Campaign Launched Against Fakers in Brokerage.

Without a dissenting voice the Los Angeles Realty Board yesterday enthusiastically indorsed the candidacy of Col. W. H. Holabird for Congress from the Tenth District.

A resolution warmly commending Col. Holabird as a citizen, a candidate and a power for the good of the southwest was signed by practically every one of a total representation of 400 members present at the weekly luncheon of the board. No candidate for office in Los Angeles county has ever received a more significant tribute.

The preamble, to which the signatures are attached, declares that the members have learned with great satisfaction that an honorable member of their board and a respected citizen of Los Angeles and Southern California has consented to allow his name to go before the people for the office of Congressman in the Tenth District. After describing Col. Holabird as one of the chief factors in the upbuilding of the southwestern empire and as a man who is at once energetic, able, resourceful and in full sympathy with every proposition in which the southwest is interested, it declares that the signers most enthusiastically indorse his candidacy and earnestly commend him to the consideration of the voters of this district.

The indorsement came unolicited to Col. Holabird, who was not present, and proved a complete surprise to him.

Yesterday's meeting of the board was made further exceptional by an address by G. Ray Horton on the subject of regulating investment schemes by legislation. The speaker went after the fraudulent traffic of illegitimate brokers without gloves and was warmly applauded.

The District Attorney's office, Horton said, often finds its hands tied by lack of laws under which fakers can be prosecuted. The one law which prohibits the exaggeration of real estate values is too weakly enforced. He pointed to the fact that another law makes the punishment for this crime only a \$5000 fine and two years in jail as a maximum sentence. Thus, he said, it becomes only a misdemeanor, and may be punished by a fine and jail sentence at all.

Horton estimates that between 300 and 400 financial schemes are now being operated in Los Angeles and hundreds of persons who can least afford to lose are being victimized.

After giving several illustrations of the law's shortcomings in dealing with these rascals, Horton earnestly recommended that the Realty Board and similar organizations appoint a committee to confer with the District Attorney's office to the end that adequate laws may be passed.

The Realty Board has voted to take a two-day outing to San Diego August 31 and September 1, going and returning in a special train.

MILLIONS IN OUR SCHOOLHOUSES.

EPIDEMIC SCARE NOT TO DELAY OPENING OF TERM.

Less Than One Case of Infantile Paralysis to Every 7000 Population—Interesting Figures Presented by Report of the Auditors. Against More Saloons.

At the meeting of the Board of Education yesterday, the auditors' statement for the fiscal year was presented, showing in tabular form the value of school properties, the cost for the year, average daily attendance and cost per pupil in each school. The total value of the properties is \$7,928,958, the most valuable being as follows: Mercantile Place, on Spring street, \$1,500,000; Grand avenue school, \$408,300; Polytechnic High School, \$218,231; Manual Arts High School, \$215,213; Los Angeles High School, \$215,040; Olive street school, \$190,000; Hollywood High School, \$115,085; Fourteenth street intermediate, \$103,950. The only other that approaches closely to six figures is the Ninth-street school, which is valued at \$95,250.

The total cost for maintenance of the schools during the year was \$2,411,327. Average cost of pupil, based on cost of maintenance only, and on average daily attendance, \$44.18 for the common schools, and \$104.85 for the high schools. There is a total of 1146 rooms in the high schools and about 250 more in the high schools, and the total number of teachers employed, including special teachers, is over 1400.

There have been wild rumors about the opening of the schools, on account of exaggerated talk of an epidemic among the children, but they will open on September 16, the same day they opened last year. The epidemic scare is ridiculous, as there is not today one case of infantile paralysis in every 7000 population in the city of Los Angeles. In most cities in the United States you can find that many cases of smallpox at any time during any year.

Kindergartens were ordered established in every seventh grade.

SHE MIXES HER TENSES.

Past and Present Seem All the Same to Her—It Was Too Much Johnson in Either Case.

A jump of fifty years didn't bother in the least a candidate for an elementary teacher's certificate who yesterday took the examination in United States history in the County Teachers' Library. The recent antics of Gov. Hiram had so obscured her mind that she confused him with Andrew Johnson, of post-bellum fame, who had the task of reconstruction before him after the Civil War.

This was the question: "Contrast Johnson's plan of reconstruction with the plan of Congress."

And the answer: "Johnson claims delegates were fraudulently seated in the national convention. Being disgusted with this, he determined to aid Roosevelt in forming a new progressive party."

Another candidate said of the Rhode Islanders in their colonial days: "Their religion was Quaker, or dissenters of the church of England."

This quotation, a distortion of the original, is ascribed to Benjamin Franklin, who was telling his friends what dire consequences would befall the colonies in the revolution against England if they failed to support each other. "We must hang together, or we'll all hang apart."

Separated on their honeymoon, although entirely in love with one another and without having had a quarrel.

Mr. and Mrs. Edgar S. Lewis arrived in this city yesterday to tell the sad tale. It is one brimful of villains and thwarted love, but love triumphs in the end, as is proper.

They arrived in this city without mishap, but not together. Mrs. Lewis reached here first, and she haunted the Arcade depot for an hour until the "Lark" arrived, bearing her husband, from whom cruel fate, and grimmer jobs had separated her directly following the marriage ceremony in San Francisco, Wednesday.

Indignation and weepy handkerchiefs omitted, the sequence of events following the "Lark" that made them husband and wife is thus: As all their friends knew, Mr. and Mrs. Lewis were scheduled to leave for Los Angeles immediately following the wedding. These same friends, wishing to see the newly-weds safely aboard their train, escorted Mrs. Lewis to a waiting taxi and rushed her to the

SUMMARY OF THE DAY.

Mayor Alexander stated yesterday that after examining documents in the freight rate controversy he was convinced that the Exps. are under at least a moral obligation to give the city as low freight rates on aqueduct steel as was made by the Santa Fe.

The tentative assessment district map for the improvement of the Broadway tunnel was presented to a Council committee yesterday, and is under consideration. It includes Broadway from Ninth to its northern terminus, a large portion of the East Side, and all of Highland Park and Garvanza.

The Council's Legislative Committee yesterday decided to recommend that the Council pass over the Mayor's veto the ordinance allowing erection of buildings on filled lands at Wilmington without sinking excavations through to the old surface.

The special committee to investigate the epidemic of infantile paralysis and make a public report, announced yesterday that it will have a public hearing in the Council chamber this morning.

It was made public yesterday that the Municipal League is conducting an investigation of the street department and its head, Commissioner Humphreys, of the Board of Public Works.

As a result of an experiment tried in a damage suit in the Superior Court, a medical expert may be appointed who will be independent of prosecution and defense and whose testimony shall determine the extent of injuries sustained by persons seeking damages.

MAYOR STUDIES RATE MUDDLE.

SAYS HE BELIEVES CITY HAS A VALID CLAIM.

Declares Southern Pacific Is Under at Least Moral Obligations to Meet Lowest Figures on Steel Hauling Named by Santa Fe—No Censure for Public Works Board.

Mayor Alexander has had in his hands for the past two days all documents pertaining to the controversy over freight rates for hauling of Los Angeles aqueduct steel that were in charge of the Board of Public Works, and he has been devoting as much time as possible to their investigation.

The Mayor stated last evening that so far as he can see, in the face of this investigation, the Southern Pacific is at least under moral obligations to give the city as low a rate on this freight hauling as was named by the Santa Fe.

That the offer of the Santa Fe was withdrawn does not change the aspect of the case, in the mind of the Mayor. He believes that the figures named by the Santa Fe would not have been presented to the Board of Public Works unless the whole problem had been fully considered by the company, and that the provisions of section six of the specifications accepted by the Southern Pacific obligated it to give equally as low rates as those made by any other railroad.

As to the legal phases of the question, the Mayor, like the City Auditor, is awaiting the opinion of the City Attorney. It is expected that he will give answers to the questions propounded by City Auditor Myers within a day or so.

Nearly \$40,000 is involved in the difference between the amount that the Southern Pacific would receive from the city for hauling the aqueduct steel and that which would be charged under the rate made by the Santa Fe.

The Mayor stated yesterday that while he believes the Southern Pacific company is under moral obligations to make this lower rate, and thus save to the city the thousands of dollars involved, he does not censure the Board of Public Works for not closing with the Santa Fe company when it offered the lower rate. He stated that he was convinced the board would have been willing to close for the lower rate if it had had the opportunity, but that the Santa Fe made this impossible by its withdrawal of the rate.

City Auditor Myers is holding freight bills of the Southern Pacific in sufficient amounts to about equal the difference between the total that would have been paid under the Santa Fe rate and that being paid under the Exps. rate, and he declares that he will not release this policy until the legal points involved are settled.

TUNNEL ASSESSMENTS.

TO COVER IMMENSE DISTRICT.

The tentative assessment district for the lowering of the floor of the Broadway tunnel and the other improvements proposed at this bore through the old P. A. Hill, was before the streets and boulevards committee of the City Council yesterday, and attracted much interest. Upon request of Councilman McKenna, it was taken under advisement, and the lines of the district will possibly be somewhat modified before the map is adopted. It will be before the committee for further consideration next Thursday.

The assessment district covers an immense area of territory. It begins on Broadway at Ninth street and takes in both sides of this street north to Mission road. This forms the eastern line of the assessment district. On the northern side of the tunnel the line spread out, so that the old Sonoratown is included, and the territory between San Fernando and Tule streets. Farther north the district spreads again and takes in a large portion of the Elysian Park district, including about a third of the area of the park. Across the Los Angeles River that portion of East Los Angeles lying northwesterly from North Broadway is included, and all of Highland Park and Garvanza lie within the tentative lines.

One feature of this proposed district is the large amount of municipal property that would be subject to assessment. Not only the large area from Elysian Park would be subject to its portion of the assessment, but there will also be the fire department property at Pasadena avenue and Avenue 19, the Ryancore Grove property, the fire department properties on Pasadena avenue in Highland Park and Garvanza, and the Piedmont Park property.

The estimated cost of this tunnel improvement is \$115,000. The original estimate was about \$90,000, but changes and additions to the plans have been made, including the lining of the tunnel with white glazed brick, using white enamel brick for the tops of the portals, the installation of an elevator service at the south end, where the extra work will be hill climbing a heavy task, and the erection of new stairs.

May Yet Have Bonds.

The Hope-street property owners who want to pay for the street improvement between First and Third street under the bond plan instead of the cash in advance plan, may yet have this opportunity, although the original time for payment expired on August 14. Owing to a mix-up in getting a written opinion from the City Attorney's office by the City Auditor until the afternoon of August 15, the Street and Boulevards Committee of the Council feels that the bond provision relief should be given property owners if possible, and so instructed the City Attorney's office yesterday.

Keep Hydrants Free.

The City Attorney yesterday was instructed by the Board of Public Works of the City Council to take on once prepare an ordinance making it a misdemeanor to place any building material within a certain distance from any fire hydrant. Space must be left sufficient for the standing of two fire engines at the hydrant.

Fire Chief Eley reported to the committee that on numerous occasions the hydrants have been found themselves unable to reach fire hydrants because of piles of building material placed by and around the hydrants. Frequently the fire engines have had to go a block farther in order to connect hoses with hydrants because of these obstructions.

Over Mayor's Veto.

Several weeks ago an ordinance was passed at the instance of the Wilmington Chamber of Commerce, providing that foundations of buildings need be placed in excavations only at certain depths, provided certain tests of the earth were passed. This was to allow Wilmington property owners to erect buildings upon the land filled by harbor dredgings without sinking the foundations to a certain depth below the original surface. The land there is filled from nine to fourteen feet, and the filling is more solid than the earth beneath it.

The ordinance passed the City Council and went to the Mayor. He vetoed it, declaring that he did so because it applied to all parts of the city.

Clean-Up Campaign.

The Board of Public Works yesterday considered the general plans for the clean-up campaign next Monday and decided to place at the disposal of available forces of the street department will be put on the work of rubbish hauling for two days. Commissioner Humphreys stated yesterday that he expected to have about 125 teams and wagons ready to impress into this service.

Hearing on Public Health.

The special Council committee composed of Councilmen Andrews, Benken and Topham, appointed to investigate the condition of public health, in connection with the epidemic of infantile paralysis, for the purpose of making an elaborate statement to counteract the exaggerated reports made in outside places as to conditions here, will meet in the Council chamber this forenoon at 10 o'clock. The committee will be headed by Health Commissioner Powers, who has been subjected to criticism for his activities in enforcing quarantine regulations. He is expected to make a statement on investigation, and that he believes this will only tend to aid the health department in the public will better understand the value of the work that it is performing.

Another Investigation.

The Municipal League is conducting an investigation of the street department and its head, Commissioner Humphreys, of the Board of Public Works. Commissioner Humphreys said yesterday that he knew that this investigation has been in process for some days past, but that no demand had been made upon him for any information.

The investigators are welcome to proceed," said Humphreys, "and my office is open to them. We have nothing to conceal." Santa Fe made this impossible by its withdrawal of the rate.

City Auditor Myers is holding freight bills of the Southern Pacific in sufficient amounts to about equal the difference between the total that would have been paid under the Santa Fe rate and that being paid under the Exps. rate, and he declares that he will not release this policy until the legal points involved are settled.

He stated that he believes this will eventually evolve the creation of an insurance system for the employers' protection, to which both employer and employee will contribute, and that this will be under State control. City Attorney Sherk has asked the city to adopt the employers' liability provisions, several weeks ago. Further consideration of the subject was postponed by the committee for one week.

Undertakers' Zone.

The proposed ordinance to create new undertakers' zones in various parts of the city again appeared before the Legislation Committee of the City Council yesterday, but the inspection of the districts has not been completed, nor has the alternative proposition been presented in detail, proposing that undertakers be placed in locations surrounding the cemeteries. A public hearing is scheduled for September 5.

Oil Tank Regulations.

The Legislation Committee of the Council yesterday considered the proposed amendments to the oil ordinance providing that the present requirements of cement tanks be abandoned. Chief Eley of the fire department expressed his opposition to the ordinance, declaring that he believes the present restrictions are unreasonable on the general application. He recommended that certain tanks be set aside where the tanks without the cement be allowed. The committee appointed Chief Eley, Councilman Blackman to frame a provision that suit the situation, and suggested that a district within the present territory might be exempted from these walls. As the oil storage at the harbor is the matter of much importance, the special committee was instructed to confer with the Harbor Commission before submitting the new section for the ordinance.

Must Be More Careful.

The Board of Examining Engineers, whose duty it is to examine all candidates for elevator licenses, is to receive from the Legislation Committee of the Council a recommendation that it exercise more care in investigating the fitness of applicants. Much complaint has been received as to carelessness of the present operators, and several accidents have been due to inexperienced or careless operators, whom the committee believe, are not fit to hold licenses.

A proposition was before the committee to limit the holders of elevator licenses to those over 21 years of age, but it was decided that this would eliminate some of the best operators, and it was decided to leave the matter on the part of the examiners would accomplish the desired purpose of eliminating untrustworthy operators.

Free Trade in Fruits.

A recommendation from the Legislation Committee will go before the City Council next Tuesday that the Council adopt an ordinance exempting from license fees all wagons peddling poultry and dairy products, fruits and vegetables. City Prosecutor J. C. Clerk Handley will appear to advocate the ordinance.

MEDICAL EXPERT ONE SOLUTION.

COURT MAY APPOINT DOCTOR IN DAMAGE SUITS.

At Next Meeting of Judges One of Their Number Will Urge that This Be Done to Determine Injuries of Those Who Sue—Has Been Tried.

An independent medical expert in a damage suit is an innovation in the local courts, and this party has proved so satisfactory in the suit of S. H. Garvin against the Los Angeles Railway Corporation, on trial in Judge Houser's department, that a new rule may result. In the Garvin case Dr. Elliott Alden was appointed by the court on stipulation of Attorneys Sterry and Adams, the counsel in the \$50,000 action. Both the corporation and Garvin had medical experts, one side alleging Garvin is permanently injured, while the other contends he will recover.

Dr. Alden examined Garvin and testified yesterday that in his opinion there is no fracture of the leg, and that he will entirely recover, perhaps in a month or possibly a year or more. Garvin's expert, however, asserts he is suffering great pain.

Judge Houser announced he will take the matter up at the next meeting of the judges, and the rule of court for the appointment of an independent medical expert in damage suits.

Presiding Judge Willis favors the rule. If adopted it may set the pace in other States where damage suits arising from accidents involving automobiles and automobiles form a large part of the work of the courts.

FIGHTS FOR MILLIONS.

WIDOW FILES PETITION.

The filing of a petition for letters of administration by Clara Hood Royce Akley on the estate of her millionaire husband, the late H. C. Akley, a Minneapolis lumberman, will precipitate a fight by the heirs in the Probate Court. Akley's marriage to Clara Hood Royce, housekeeper at the Hotel Virginia, Long Beach, furnished a sensation for the wealthy set in Minneapolis in which the lumber king moved.

Mrs. Akley went to Minneapolis following the death of her husband, July 10, and after her departure he left a report came that a package of securities, said to have belonged to Akley, had been shipped by express to Long Beach. Shortly after Mrs. Akley's arrival at the home of her mother, Mrs. O. S. Staples, Long Beach, she had been with her attorneys, Tripp, Chapman and Birby. She said subsequently the letters of administration there was a satisfactory disposition of the property. Her attorneys in Minneapolis shipped a box to Long Beach and it had been in her possession before her husband's death.

Akley's estate consists of real estate at Long Beach and stocks, bonds and securities which it is understood are in a strong box in one of the local banks. The variety is technically given as in excess of \$10,000, the petition failing to state the exact amount. The heirs named in the petition are Mrs. Clara Hood Royce Akley and

It is absolutely impossible for the correct answers to the Booklovers' picture problems to be known to any person or persons except the Publisher and Contest Editor of The Times, and any person purporting to be in possession of the true solutions of the contest pictures is a cheat, a fraud and unworthy of credence or belief.

THE TIMES-MIRROR COMPANY.

A daughter of her husband by a former marriage, Florence Akley Quirk, diligent search failed to find any will that Akley had left.

BOTH WANT LAD.

MOTHER WILL FIGHT.

Attorney Appel told Judge Willis yesterday that when the Level case was called in the Juvenile Court next Thursday he will throw some light on the conduct of John L. Level, a member of the police department, who is charged with the abduction of a 13-year-old son, John M. Level.

Mrs. Level is charged with having taken this boy from place to place under an assumed name and with being an unfit person to have charge of him. Appel declared he will show why Mrs. Level was compelled to move the boy and that he will show that Level is an improper person to raise his son. Level, who was present in court, said at Appel's statements and will fight for the possession of the boy.

A personal appeal by Mrs. Level won her the custody of the lad pending the hearing of the case. She almost ran to the room where John was waiting and snatched him up with a glad cry.

"My husband has threatened to take my boy from me," she cried. She asserted the trouble between them was caused by another woman.

OLD-FASHIONED WAY.

BARREL STAVE RECOMMENDED.

"You are able-bodied persons," said Judge Willis yesterday to the parents of four boys in the Juvenile Court. "If your boys don't behave, use a barrel stave. This case is dismissed."

The boys were charged by Mrs. Anna M. Willis with being malicious. The report of Assistant Probation Officer Le Clerc said it was a feud, but that rotten eggs were the ingredients of the trouble.

The little chaps whose faces felt when a barrel stave was mentioned as an instrument of torture, are the sons of a member of the T.M.C.A.; Frank Arnsdale, whose father is a clergyman; Everett Bralley and Harry Wharsh. The elder Bralley is in the auto business. Wharsh pere is an iron moulder.

COCAINE IN COURT.

BOY VICTIM OF DRUG.

A large vial containing a white powder was found in the shoe of James McGrane, a youth, who appeared before Judge Willis yesterday. The powder was a member of the facts showed that McGrane is addicted to the habit. It was also shown that he has escaped from the George Junior Republic half a dozen times.

Judge Willis wanted to know how a youth like McGrane could obtain cocaine. McGrane went into details, involving a Western Union Telegraph boy, whose name he said is Payne. Payne slipped the vial to him because he was in fear of arrest. McGrane declared he had no more. "You don't think I believe that far, do you?" asked the court.

"No sir, I don't think you do," was the reply. McGrane was committed to Preeton School at Ione until his majority.

NO KINDERGARTEN.

COURT DISMISSES INFANTS.

C. Casey, a builder, lost a purse containing \$55. He charged Leo Quintano, aged 1 and another tot 2 years old, with having taken it. According to the probation officer's report, Leo and his chum found the purse, and their thoughts turning to candy, they bought some. Leo said they went for a ride in a wagon with some men. He does not know what became of the rest of the money.

Judge Willis looked in amazement at the youngsters when they were ranged in front of him in the Juvenile Court. When he heard the complaint, he remarked: "This is no kindergarten," and discharged Leo and his chum.

RULES AGAINST THEORY.

MARKET VALUE VS. INCOME.

Attorney Trask, representing certain lot owners at San Pedro, tried yesterday to establish the theory of condemnation but before Judge Bordwell the theory of market value based on income producing property. He raised the point on Special Counsel Hester's objection to the theory in this direction, but was ruled against by the court.

T. M. Camfield, an expert called by the city, placed his bid on block 10 at the rate of \$150 a square foot for the highest to \$1. Edward Buterworth's value block 92 was \$33,800 down to \$8900.

BREVITIES MISCELLANEOUS.

TRIAL SET. The trial of Monroe McIntyre, a real estate operator, who is charged with having failed to stop and render aid to Giovanni Pisanio, who was struck by McIntyre's auto at Sixth and Flower streets on the night of May 14 last, was set by Judge Cabanis yesterday for October 18. McIntyre, who was represented by Attorney Baird, reserved the right to change his plea of not guilty. He was arrested at his home after the accident, and when taken to the Central Police Station was not able to remember the details connected with the running down of Pisanio.

CASHIER'S ESTATE. The petition of Charles Seyler was filed yesterday for letters of administration on the estate of William S. Pollock, cashier of the International Savings and Exchange Bank. Pollock, who died at San Pedro on June 14 last, left an estate of \$13000. He leaves a widow, May Louise Pollock.

DAMAGE SUIT. Mrs. M. H. Binney asks \$50,000 damages from the Economic Gas Company for a neurotic condition produced, she alleges, in her complaint, filed yesterday, by poisonous gas arising when the gas

Start Today to Win that Automobile or the Player Piano or the \$500 Cash

Or some one of the other valuable prizes The Times is going to give away absolutely FREE to those who successfully solve the 77 pictures in the Booklovers' Contest.

The acme of neatness is achieved in a Booklovers' Contest Answer Book. A contestant with a bulky package of pictures and coupons to tie together finds that they get torn and soiled and wrinkled. He is forever losing pictures. The more answers you make the worse it becomes, because each answer must be made on a separate picture and coupon.

Not so with the owner of an Answer Book. He needs only one copy of each picture. These are neatly pasted in the Answer Book, and beneath the pictures the answers are written—one or ten answers to each picture, just as you desire.

Following is the great prize list for the winners in the Times Booklovers' Contest. 144 or more valuable prizes. Something for everybody.

Rules That Will Govern The Times Booklovers' Contest

The contest is open to everybody. Only Times employees and members of their families are barred. Daily for 77 days will be published in The Times a picture representing the title of a book, one each day. Below this picture will be a coupon to fill in with the name of the book and the author, together with name and address of entrant.

Cut out the picture and coupon, filling in the book title and author's name, writing your name and address neatly and plainly in the place provided. No restrictions are placed on the manner in which answers to pictures are secured. Each picture represents the title of one book only. If you are not certain of your solution you may send in one to ten answers to the picture. NO MORE THAN TEN ANSWERS WILL BE ACCEPTED TO A PICTURE. Incorrect answers will not count against contestant if correct answer is also given. And put one answer to each picture and coupon. Extra coupons must be secured and used for extra answers. All answers to each picture must be kept together in compiling your set.

Additional pictures and coupons may be obtained at The Times of Dec. by mail or by person. Answers will not be accepted unless they are properly filled out on the coupons appearing beneath each picture. It is necessary that pictures be sent in with the answers in order that all answers may be uniform.

When you have all 77 answers, fasten them together and bring them or mail them in a neat flat package—most folded or rolled—to The Times office, addressed "BOOKLOVERS' CONTEST EDITOR." Prizes will be awarded contestants sending in the largest number of correct solutions. In the event of two or more persons having the same number of correct solutions, the person using the smallest number of extra coupons in the set of answers will be declared the winner. In event of two or more persons having the same number of correct solutions, and using the same number of coupons, an equal interest in the prizes tied for will be given to each of the tying contestants, or the persons involved in the tie may choose any one of the other lesser prizes.

More than one prize will not be awarded to any one family, but each member of the family may enter the contest and submit a complete set. Only one complete set (comprising not more than 10 answers to any one picture) of answers may be submitted by a contestant. Awards will be made strictly according to the merit of each separate list. The names of more than one person must not be written on any one coupon.

All answers will be considered on their merits. The first set filed will have no preference over the last set filed; provided only that answers must be filed within the time specified after the last picture has appeared.

The awards will be made by the Contest Editor and three well-known citizens whose names will be announced later. The correct answers to the series of pictures will be filed with a local trust company or bank a week previous to the close of the contest. Entry to the contest may be made at any time. All communications or letters of inquiry concerning the contest should be addressed to the Booklovers' Contest Editor, The Times.

NEW FALL SUITS AT "END OF SEASON" PRICES!

First Time in History that Heavy Reductions Have Been Offered on Fall and Winter Clothes at End of August. Peculiar Circumstances Force the Sacrifice.

The Monroe-Davis-Herington Co., the big clothing and furnishing goods merchants at the northeast corner of Sixth and Spring streets, have just received the first of a shipment of fall and winter suits that had been ordered made up for their retail store before being to vacate their building has been received. This certainly "capped the climax" in the combination of unfortunate circumstances which have befallen them recently. They could not return the present without losing a heavy deposit which they were required to make when the suits were ordered. It is rather early in the season to offer fall and winter suits at a reduction, but owing to the fact that this firm must abandon their retail store, they have no place to go when they vacate their present location. They are positively forced to place this sale at end of manufacture. Only a limited time is allowed to dispose of their garments and thereby save the big cash deposit already made. There are 1000 suits in this first shipment received last week—the highest, noblest, best of styles you have ever seen displayed in this city. And what a shame to see them sacrificed in this manner. Seldom, if ever, in a lifetime, does a man have an opportunity to buy a fall suit at the beginning of the season at such a low reduction. Now is the time to buy your fall suit for much less than any price you will be able to obtain, even at the end of the season when fall and winter styles are becoming passé. Do not wait or delay; you simply cannot afford to stand back when such a money-saving opportunity is staring you squarely in the face. Then, too, there still remains 1000 of the summer suits ordered by the local merchant who retired from business; not odds and ends, but a complete line of styles and sizes to choose from at less than cost of manufacture. Included also in this forced merchandise sale, is a large and high grade line of gentlemen's furnishings at prices that cannot help but make you sit up and take notice. Remember, take this little piece of advice: You will not always have an opportunity to reap the benefits of another's misfortune, so it's up to you to act and act at once. Be on the first thing this morning.

Surprise yourself for once, at the big values offered for a mere trifle. Look you forget—this morning at the northeast corner of Sixth and Spring streets—the doors will open on greatest bargains, giving money-saving sale ever pulled off. A few of the many offerings are quoted here. Read and be convinced: Men's \$15 suits, equal to any \$15 suit offered, late styles, \$8.45; \$15 Cravenette overcoat, \$8.45; \$15 and \$18 suits and Cravenette overcoats, only \$7.35; \$20 and \$22.50 suits and Cravenette overcoats, \$11.50; \$25 and \$30 suits and Cravenette overcoats, \$12.50; \$35 and \$40 suits and Cravenette overcoats, \$15.00. TY LOBER'S HIT WON THE GAME FOR H. BERRY.

Malarkey Was Within One Strike of Winning His Game for the Oaks When the Blond Outfielder Stung on the Ball for the Hit that Tied the Score—Angels Finally Won 5 to 3.

BY HARRY A. WILLIAMS.

"Bill" Malarkey, who has been pitching professional baseball since the day before the Dead Sea was taken without losing his smile, has at last ceased to be an optimist.

Yesterday he became the child of misfortune, and today he says that the literary gent who wrote, "All this world is dark and dreary," had the right dope. "Bill" became the unwilling offspring of misfortune at 5 p.m.

At that very hour he was within one strike of what seemed a sure victory, when a young fellow by the name of "Ty" Lober shoved a stick right in front of the ball and spoiled the whole thing. This spoiled two runs over the plate and started something that did not cease until the Seraphs found themselves in undisciplined possession of the succulent end of a 4 to 3 score.

This climax, which was staged in the eighth inning, was a crusher for Malarkey. Up to that moment he had more than held his own against the combined efforts of Messrs. Toner and Leverenz, and his club was leading with three runs to the Seraphs. He had picked off nine of the seven hits realized off his delivery prior to the eighth, and started the Seraphs with sudden and startling jumps due to the unevenness of the earth's surface in that particular locality. Therefore, "Bill" felt that it would be a travesty on justice for him to lose, and his grief was imagined when the Seraphs lined up at the plate and wiped the smile from his face with five walks, and his support added insult to injury by going back on him.

The game was a product of considerable vital statistics. "Bill" Toner almost had his arm torn from his fastness by a line drive in the fourth, and retired to the club infirmary in the fifth. Holes sprang his bi-weekly "Charley horse" going from first to second in the sixth, and turned the job over to Brooks two innings later. "Bud" Sharpe succumbed to stomach trouble in the seventh and bequeathed the title of first baseman to Tiedemann.

THE DILLON BUMPS.

The Oaks started in to bump Dillon's party as early as the second inning. This frame yielded one run, the seventh another, and the eighth still another, leaving them in possession of a grand total of three. Meantime, the Seraphs had been forced to struggle along with one lone ace, accumulated in the fifth after much toil, to show for their battling and base-running skill.

This brings us down to the big caucus in the second half of the eighth.

Berger was the first man to grip wood. He met the first ball pitched squarely on the label, and the result was a roaring line drive that cleared the hands of the practically-leaping Cook by a full foot.

Daley drilled a grounder to the same party. The ball behaved so unacceptably that Cook was unable to combat its vagaries, and another hit was charged against the record of Mr. Malarkey.

HERNIE SINGLED.

The fans booed Heininger for a home run. They did more than that. They demanded a home run. Several prominent citizens threatened.

absorbed.

Lober, who had peeled off a hit earlier in the day, swung and missed.

(Continued on Third Page.)

Bundy Collapses.

Then Bundy nerved himself. There was a flashing of his mighty execution with the racket. He took the third set at 6-3. Then he became dizzy and weak so that he had to be assisted from the court, and the default was chalked up for Church, who couples with Karl E. Behr. The two matches following his phenomenal performance in the doubles com-

pletely mapped what little strength he had left after his illness and his hopes of winning the lawn tennis crown were held for so long by William A. Farred vanished for this year.

The boy Herd, who is creating a stir in the tournament because of his dazzling California style, went out in comparatively easy fashion before Williams, the national clay court champion, to the score of 6-1, 6-1, 6-1. The point totals were 99 to 52. Herd was not a match for the clever young wizard of the racket. His speed, while terrific, was not sufficiently steady to cause Williams any difficulty.

On service the young Californian managed to get the sixth game of the first set, the fifth of the second and the second of the third, the last being practically a straight run of service. George M. Church, to whom Williams was obliged to default; Karl E. Behr, Wallace F. Johnson and Watson M. Washburn.

The collapse of Bundy came as the climax of an eventful day. The little Napoleon had appeared all right in the morning and in his usual style had defeated William L. McKim at 6-4, 6-2, 6-4. Then he rested, but still showed the warning of his physical powers. He insisted, however, upon taking the court against Church, the Princeton star, who had played Bundy to the limit of five sets last year. Bundy was in no condition to cover court. As a result Church easily scored the first and second sets at 6-2, 6-2.

At the close of the day Bob Wren arranged the schedule for the semifinal round match. McLoughlin will meet Williams on the grand stand court. In the afternoon the championship final for the national intercollegiate title will be decided. Herd played against Weber. Monday, following the final of the tournament, a mixed doubles will be decided for the cup offered by the citizens of Newport, headed by Everett Brown.

The California pair will be Mary Browne and Clifton B. Herd against Mrs. Hargreaves and Nathaniel W. Niles.

WASHINGTON LEADS BASE STEALERS.

(By Federal (Wireless) Line to the Times.)

NEW YORK BUREAU OF THE TIMES, Aug. 22.—[Special Dispatch.] The star base stealers of the American League are making those of the National look foolish. Milan of Washington led up to last Friday with sixty-four thefts. Cobb had forty, Eddie Collins and Speaker had thirty-nine each. Becher was topping the National League with 44; Larry Doyle had 35 and Marreana, 26; Baker, ninth in the American League, with 27, was thus higher than the third man in the National.

At the last compilation of statistics Washington was leading the American League in base-stealing with 194 thefts. Detroit was second at 193, Boston was sixth at 135, and the Athletics were fourth with 147. The much abused Yankees were third with 149.

JOE MANDOT IN DISPUTE OVER RINGSIDE WEIGHT.

Uncle Tom McCarey Visits the Southern Boy at Jack Doyle's Training Camp—Criticizes Mandot's Habit of Leading With His Right—De Witt Van Court Finds the Same Serious Fault.

BY HARRY CARE.

A DISPUTE has come up over the weight of Joe Mandot and Joe Rivers.

Although they are both in training for the fight have never been signed. Owing to a pronounced difference of opinion between the two managers, the day for signing has been postponed from day to day.

Uncle Tom McCarey states that the two fighters are arguing as to what "ringside weight" means.

Mandot wants to weigh in the ring or in the dressing-room, just as the fighters are ready to step into the ring. Rivers wants the time for weighing fixed at 2:30, with a provision in the articles to the effect that the fight must begin by 3 o'clock.

All of which is another way of saying that it is easier for Mandot to make the weight than for Rivers. Mandot only weighed 132 when he went into training. Rivers weighs about 134 or 137.

As Mandot's manager has refused to sign the articles as they now read, several differences have been held. Joe Levy and Harry Coleman, the

two managers, will meet this morning to settle the question somehow or other.

Hobo Dougherty, who has acted as Ad Wolgast's human punching bag for some time, and has worked with other well-known fistic stars, and who is now taking a daily lambasting from Joe Mandot, is of the opinion that Mandot is the best boy at his weight in the world.

"When I first started working with Mandot," said Hobo, "I thought he had a good chance to beat Joe Rivers, but I held back my opinion till I saw how the climate affected him. Now I am ready to say that Joe Mandot is the best boy at his weight in the world. He is stronger, hits harder and is faster than any lightweight I ever worked with. I never was hurt so by a fellow's punches as I am by those Mandot sends in. He is a sure enough winner over Joe Rivers. I feel real fighting ability will count for anything."

THE NEW STAR.

UNCLE TOM M'CAREY SEES MANDOT BOX FIRST TIME.

THE look that comes into the faces of the critics of the "Death Watch" when the prima donna sings off the key darkened the countenance of Uncle Tom McCarey yesterday at Vernon.

Joe Mandot had just rung his right fist into the tum-tum of Hobo Dougherty. Hobo only grunted, but Uncle Tom scowled.

"I just want to tell you one thing," said Uncle Tom to Mandot's manager. "If you try that in the fight, the Mexican will drop him like a flash."

"Try what?" said Manager Coleman.

"Leading with his right that way," retorted Uncle Tom. "Rivers is so fast that he would just about murder anybody who tries to lead at him with a right hand."

Yesterday was the first time that Uncle Tom had seen Mandot box. Other than this diaphanous error, the fight impresario was very well pleased with the little boy from New Orleans.

Take it from me, it was quite an occasion. We all sat along in an immensely solemn and important row on Jack Doyle's freshly painted bleachers. Uncle Tom sat on Page 14 of the Police Gazette and I sat on the front page illustration of the Farm and Home while Mandot slugged his sparring partners around the ring.

The first was Hobo Dougherty. After one round, Hobo began to feel like a champion, and flashed in a bare one.

"Huh, huh," grunted Uncle Tom. "Trying to put one over on Joe, eh? That's the way with these sparring partners. If I were Joe I would land on him for that."

He wasn't Joe, but Joe "landed on him" anyhow. A film came into the little southern boy's face. His head went down and his fists flashed right and left into Hobo's body. Hobo

backed away and then went down in a heap in the corner. When he got up, Mandot grinned and good naturedly patted him on the head, as though to say, "All right, little boy, but don't try that on me some time when I'm feeling peevish."

CHANGES HIS STYLE.

After boxing Hobo to a standstill, Jimmie Evans was brought out and slugged after Mandot. Evans is a clever, fast, shifty lightweight. McCarey considers him one of the most promising fighters of his weight now in the ring.

The instant Evans put up his hands, Mandot changed his whole style of fighting. He didn't try any right-hand leads on Evans. It was very pretty and very fast. When it ended and Mandot was led away by his trainers, Uncle Tom said, "There is the best boy that Rivers has ever been called upon to fight. The thing that impresses me is his coolness. Do you think how cool he is? When he ducks, it is only half an inch out of the way. He has two fine hands. The way he wriggles out of a clinch with that curious pivot blow is great stuff."

After which, with due reverence, we retired to the rubbing-room and watched the trainer pomeling the anatomy of the fight star. As he lay on the rubbing table, Mandot presented an interesting contrast to Rivers.

Rivers has the figure of a Greek statue, with his perfect shoulders and torso. Mandot's long, sloping shoulders and rounded upper back give the impression of being rather stooped.

THE RUBBING-ROOM.

We had been warned so many times about Mandot being shy that I was prepared to talk to him through a screen or to have him run and hide behind the curtains or stand silent with his finger in his mouth. Instead I found him a charming little southern boy with eyes that twinkle and

VAN COURT ANALYZES JOE MANDOT'S BOXING STYLE.

BY DE WITT VAN COURT.

JOE MANDOT is right in the midst of his hard training for his fight with Joe Rivers on Labor Day, and he is going great guns. Yesterday he did his usual gymnasium stunts, boxed two fast rounds each with Jimmy Evans and Hobo Dougherty. Mandot in his workout showed more speed, a better judge of time and a better punch than at any time since he has been training at Jack Doyle's.

Joe showed more of a finish to his boxing than Brewer, but did what I was sorry to see. He led at Brewer's head with his right several times. This is one of the first things that a beginner is taught not to do.

When leading with a right hand at any man, the boy who does so leaves himself open to a hard punch from the same hand, and the chances he takes never pay for the trouble.

I watched him closely and this was about the only mistake that I thought he made. It is one of the clearest faults at pulling away from a punch I have ever seen and can hit from any angle and hit good and hard.

He also stated to me that he was a dead game boy and will never be defeated until he is counted out by the referee.

His condition is fine and up to the present time makes no complaint about the climate. It is about as hard to get Joe to say anything about himself as it is to find teeth in a lion. But he is very confident of winning and his manager, Harry Coleman, is willing to bet that Mandot will knock Rivers out.

Harry Brewer, who is sparring with Joe Mandot every afternoon, is a clean cut chap and has a good record. He has fought in Paris and London.

While in London he met Packey McFarland and Ivan Kahn. Kahn and Harry became fast friends and were glad to talk over old-time expe-

riences they had over the big pond. Of his hard training for his fight with Joe Rivers in the country and expects to get a match here before he leaves.

I will have to admit that I was disappointed in Brewer's boxing. But many men fight better than they box. It is a good feeling but has not the finish to his work that I had expected to see. Ad Wolgast is not a finished boxer, but he is a champion. Harry may be there with both feet. We hope he is.

Joe Mandot certainly has a following in Memphis. Parsons, the father of the little champion fifty-pound boxer, and Arthur Simons, the champion amateur of the South, are here to see the coming contest.

Simons has won ten watches and eight medals as an amateur and is willing to turn professional if he can get a match with Jimmy Austin. He boxes at Austin's weight, which is 105 pounds. Here is a chance to help Jimmy to work his way to the championship. If he defeats Simons he will establish himself in the South. Make the match. It will give us a line on the boxers of the South.

Joe Mandot says he learned a lot of his boxing from that grand little champion, Johnny Coulton. He has a lot of Johnny's tricks, but few will ever get the finish that great little fellow has. Coulton is a great little fellow. Harry Coleman, Joe Mandot's manager, has every telegram he has ever received since he has been managing Joe and a copy of every telegram and letter he has ever sent to anybody. He also says he has always paid for every telegram he has ever sent. This should be good news to many managers, who often receive messages charged collect. This looks like he was something of a business man.

Anyway, either accident or design, he hit the ball. It rolled down toward second. Beck and Leard closed in on the ball, but it fell to the lot of the catcher. Berger had already flashed the wire, Daisy was rounding second and Heilmutter was too near the plate for a possible forceout. Leard and Berger were there while Beck was sliding the ball. HE hat for the big open-water race on Sunday is being filled up even more rapidly than expected. The number of entries has already been broken for the number of entries at the starting post. The ladies' race alone has no less than eight entrants now on the lists.

Public Dean of the Adolphus Theater has a number of people who could enter. Miss Inez Fanjoy of Ocean Park is also being picked by many as a possibility. Redondo Beach will be represented by Miss Dolly Mings and Miss Mary Ann.

In the men's race, several well-known swimmers have entered. William Deckman will represent the newly-formed Redondo Athletic Club. E. Thurston of the Los Angeles Athletic Club and Paul M. Allen of the Redondo Athletic Club will also be among those present when the starting gun is fired.

Clyde Torres of Venice was the favorite to round the race. The Venice Club has \$40, and the Venice Club has \$40, and the Venice Club has \$40.

combing down his backhairs, Joe told us of his surprise at Jack Doyle's mp.

"Yeah, huh," he said, in his soft southern tongue, "I never saw such a nice befo'." He said that the he gained for all his other traits that he had.

"It seems to me," he said, "that I spent the whole day either sitting on my collar when I was in the army, or when I was in the navy, to get ready to train. Both fights always use the same grammarian rule there, and you have to be a fighter to get out to give the other fellow a chance. Out here I don't care any collar at all. It's much freer."

Joe said that, at first, he didn't notice the change of climate at all; but he said that he had to get used to it, and he said that he was used to it, and he said that he was used to it, and he said that he was used to it.

"About your appetite?" asked little Tom.

"Pretty fair," answered Mandott. "The fact is I never eat much, but I don't like to eat much, particularly during the last three years."

RIVERS AND MANDOTT

Battling Chico and his manager, Joe Levy, "have a mad on each other," as Myra Kelly says.

Senior Levy says with a terrible expression of his face that he wants to manage himself, let him try it.

And Chico says with injured innocence, "I ain't mad at Joe, but when I come up wherever he is, he just looks at me, and I don't know what he don't see me at all. I have always helped to train Joe Rivers for all his fights, but this time they didn't ask me."

It is rumored that Chico has been listening to the gentle blandishments of the "gentle" manager, the "gentle" Fight Trust; and wants to be brought there to fight under Jimmy's management.

Middle Camp comes through. Chico will fight in the preliminaries to the Rivers-Mandott fight. But telegrams, letters and telephone calls have so far failed to raise an answer from Mr. Campi.

heard Mandot mention Rivers once he came to Doyle's. But, while he was lying on the rubbing table, he turned his face around and said, reluctantly: "I saw Joe Rivers the other day." "How do you think he was getting on?" was his other wailing cry.

"What did you think of him?" was rather tame question some one asked.

"I don't know. He is a good deal of a anybody else, I guess," replied Mandot. "I didn't really meet him."

"You don't know. Nobody saw fit to introduce us."

"Are you going to stay out here and wait?"

"Not on your life. I'm going to go home aggressively. Joe disregarded my plain question and answered the other fellow's. Of course, I think I'll go home. Rivers has said 'I'm not coming'."

"I don't think so. I wouldn't come out here to fight him; it's a long way from home."

"Well, you'll get good treatment in the crowd. There's none of that here."

WATER DOGS ON VIEW TONIGHT.

ATHLETIC CLUB TO GIVE SECOND MONTHLY EVENT.

Feature is to be Quarter-Mile Race in Which are Many Classy Swimmers—Finger for Distance, High Diving and Push Ball Contests Will Afford Enjoyment.

Tonight is the big night at the L. A. C. for the second monthly swimming tournament in to come off in the big tank at 8 o'clock. The programme promises to provide a great deal of sport as well as some fine swimming. At the first meet a month ago the sport was new and there was only one scratch race on the card, but this time there will be four club championships decided.

In addition to this, the show will be enlivened by the appearance of several new swimmers and Walter Pomeroy of the Olympic Club of San Francisco will give an exhibition of the stroke with which he has twice crossed the Golden Gate and with which he hopes to grab first honors in the open-water championship on Sunday.

Pete Towns, the latest acquisition of the club, will appear in all of the club championships as well as several of the novelty events. Ben and Jack Watlington will also compete in about everything on the programme. Several of the men who appear tonight will also be seen in action in the big ocean race Sunday, a fact which will lend additional interest to their performance.

The sprint race is to be between Towns, Pat Higgins, W. H. Barker and Jack Watlington, while the big 1/4 mile race for the McDonald-Cornell cup should be between Ben Watlington, Towns, Luckenbach and Barker. The novelty events are planned with a view to providing amusement for the spectators.

After the first event, which will be the club championship for 50 yards, will be a competition in riding the water-pump ball for both time and distance. The best two riders of the ball will then swim a match race for two lengths of the tank in the third event. Ernie Cochran and W. Wright are picked by many as the possibilities in the riding event, as they have been showing great form in practice.

The fourth event is to be the 100-yard dash, an event which promises to be one of the best contested of the evening. Then will come the "fat man" race for one length of the tank, an event which will bring together such men as Don O'Melvaney and Edward Howard, the weight limit being 200 pounds, none lighter being allowed to compete.

Sixth and seventh are two pretty events, the plunge for distance and the competitive diving from the high platform. A bunch of "dark horses" have been practicing for both and it is rumored that the well-known swimmers will not be in it with some of those who have been working so faithfully.

The "blind" race and the underwater race are to come just before the final event of the evening, the 440-yard swim for the McDonald-Cornell cup. This latter event is providing a great deal of comment from those who have been watching the various men in practice. While no one is ready to say who will win it seems to be the general opinion that the race lies between Ben Watlington and Pete Towns.

Ben took second in the last race and is in far better condition now. Pete was forced to quit the first time but has been tearing off some fast quarters during the past two weeks, and many predict that the battle between these two will be worth going miles to see.

KID MCCOY ACQUITTED ON ROBBERY CHARGE.

(BY A. P. DAT WIRE TO THE TIMES.)
LONDON, Aug. 22.—"Kid" McCoy, the American boxer, was discharged from custody by the Magistrate of the Extradition Court at Bow street today. He was arrested July 16 on a provisional extradition warrant charging him with larceny alleged to have been committed at Ostend. The proceedings were taken at the instigation of the Belgian legation. McCoy had appeared before the magistrate on several previous occasions on the same charge and on August 2 was released on bail while awaiting the arrival of the documents connected with the case from Belgium.

McCoy's attorney, in addressing the court, said the depositions had arrived from Belgium and after carefully studying them he considered there was absolutely no case against his client.

Those of us who shouted long and loudly over the artistic abilities of Charlie Murray, will have an opportunity for more jubilation. The long partner of the short tragedian, Mr. Mack, is to have the leading comedy role in Frederic Chapin's "C.O.D." to have its first production in New York City next month.

Pate has never been able to hold Bill Stoerner down long enough to count ten over him. His California advertising forgotten. Mr. Stoerner now hobs up as a producer in the East. At Providence, on September 2, he will present "Molly Make-Believe," a dramatization of the story by Eleanor Hollowell Abbott. Violet Dale is his star.

Low Fields has decided to limit the expense of his productions in the future, to \$10,000. He has been in the habit of spending anywhere from \$40,000 to \$50,000.

Bonita (Mrs. Lew Hearn) is broke. Last week she filed a petition in bankruptcy in New York, with debts of \$4487 and no assets.

Eddie Fox, noted for his regimental family of children, is to appear with most of his kids in a vaudeville sketch written for Eddie and the "Little Foyers" by William Jerome.

Valeska Suratt is to be starred by the Schuberts in "The Kiss Waltz." The tour will open in Canada next week.

The next field of Orpheum invasion will, it is said, be the State of Texas, which will be the scene of the tour in the cities of Dallas, Houston, San Antonio and Ft. Worth.

Next February, Richard Wagner will have been dead thirty years. Thereupon and thereafter his works are, in total, released for free publication and performance. Up to the present time the Wagner family has held the works of the master's last years in close restraint.

George Arlino, long appearing in "Diarrhea," will, it is said, play a new drama, based upon Nero's life.

Frank Pollock, American tenor, formerly a resident of Pasadena, has appeared successfully in Hammerstein's London opera, and will return there next season.

Walter Kelly, the "Virginia Judge," returned to vaudeville in London last week, after a very long absence from the stage, and scored a tremendous success.

Lewis Waller gave a copyright performance in London last week of a new play called "Discovering America."

Another drama, about to be born.

side by shooting, in a New York Hotel last week.

The Liebers will send "Oliver Twist" on tour with Wilton Lackaye in Nat Goodwin's role of Fagin. Edmund Bresse will play Bill Sikes.

Mrs. Fluke is home from a long vacation in Europe to prepare for her autumn debut in a new play by Edward Sheldon.

Leandro Duncan is to build a dancing theater in Paris. Associated with her, in the musical end of the enterprise, will be Marguerite Namara-Tove, daughter of Mr. and Mrs. W. A. Banks of Hollywood.

John Cort has come out of his mountain solitude and has gone to New York to prepare for the season's productions.

Zoe Barnett is to be starred in "The Red Rose" this season. Walter Catlett is in the company. "The Red Rose" is now playing in Montreal.

Francesco Ferrillo, handmaster, who is perhaps better known in Los Angeles than any other one American actor, is now playing in St. Louis.

Aida Overton Walker, recently seen at the Orpheum, has made a hit at New York's Victoria with a new version of the Salome dance.

Cecil Lean and Florence Holbrook are now in a spectacle called "The Military Girl," playing in Chicago.

The new spectacle for the New York Hippodrome will be "Under Many Flags." It will have sixteen scenes and will be bigger and enlivened by the services of more people than any Hippodrome fantasy yet to appear.

"The Merry Widow Remarried" is now running in Chicago. The book is by Max Hanisch, and the music by Carl von Wegner. Fair to middling, but no more.

New York's "New Theater," a failure after one season, and last season renamed "The Century" and devoted to dramatic uses, is to find still another field of exploitation this year. There will be a revival of a series of standard light operas, under the direction of Reginald DeKoven. Bessie Abbott will be the principal prima donna.

Julius Eckert Goodman has written a new play for Cyril Scott called "The Point of View."

Arnold Daly, the unmanageable actor, is to appear in "The Wedding Journey" this fall.

Annie Russell has a woman scene painter, one Grace Clarke.

McCoy. It was most extraordinary that McCoy had been arrested on the unsworn statement of an intoxicated woman, who, when she became sober, denied her own statement, said the attorney. The reason McCoy found himself in that position was that he happened to travel to Ostend and stay in the hotel where the theft was committed.

The magistrate said he had read all the papers and concluded that there was not sufficient evidence to justify extradition and he therefore dismissed the case.

The Magistrate declared that he found the Ostend robbery had been committed by some one residing on a different floor of the hotel from the one occupied by McCoy, and said the charge against him was a ridiculous one.

The magistrate declared that he was very pleased to be acquitted. "I never was dishonest in my life," McCoy purposes to bring a damage suit against the Belgian authorities.

NEW FOOTBALL TEAM FORMING.

A new team has entered the Rugby football field of Southern California and will be seen in action during the later part of the season with U.S.C. or one of the northern teams.

The new team is from the Los Angeles Athletic Club. The movement was started by Mow Mitchell, former captain of the Stanford varsity team, and the Cadwalader brothers, also former Stanford lights.

Manager Board of the University has been saving a date for Santa Clara or the Sherman Indians, but it looks as though the Indians would not be ready to meet any teams this season of intercollegiate class and the Santa Clara has stated that it will be impossible for them to make Los Angeles after Thanksgiving.

Santa Clara will be brought south on November 2. In the case of the Indiana, it would be hardly practical for them to meet such a strong team as the Trojans. It looked as though the Christmas date was going begging, but yesterday Mow Mitchell for a Christmas date and all the details have practically been decided for a big post-season game to be held at Fiesta Park between the Trojans and the clubmen.

NOTES FUNERAL SATURDAY.
WASHINGTON, Aug. 22.—(By A. P. Night Wire.) Arrangements were completed today for the funeral Saturday of Thomas C. Noyes, president of the Washington baseball club and news manager of the Washington Star. The game between Washington and Detroit scheduled for Saturday will be played Friday in a double-header. Members of the Washington team in a body will attend the funeral.
